ACAPMA Latest Update

The Jobkeeper allowance process has started, please see the attached examples from ACAPMA they go into great detail, as far as including letters you may need to send to staff in various scenarios. Priceless information for small business.

Safe Work Australia has released new guidance for cleaning and disinfecting surfaces can also be found in the link below.

Hand Sanitiser Stations – UCB respond to member requests.

Following up on our successful provision and roll out of both safety screens and social distancing floor stickers, we have been following up on requests from Members regarding hand Sanitiser Stations.

We have investigated the market and looked at

different options out there. We've developed the most cost effective model and the one that best fits our Members' business (and so recommend) is being provided by one of our partners, SPOS Group. We attach an order form on the link below, which shows the four different types of Sanitiser Stations and also explains the way to order these.

We feel that what we are suggesting here, allows our members an additional way to improve our responsible response to Covid-19 and to safeguard further our staff and our customers. Bulk Hand Sanitiser Fluid is available through SPOS as well as our other Trade Partners as we have previously notified in the Covid-19 Daily Update.
